Digital crackle Ep

[aqbmp027] released on December, 2010

Monolithic and Altering. Structures never completely revealed. A job that consists of sipping few elements from echoes and reverberations.

Martial treads interrupted by digital crackling and basses, reassuring us as only a mother's voice can.

5 tracks plus a remix from Dadub ... to close with a bang.

An e.p. in which the attitude is clear ... Dub is the form.

Tracklist:

- 1 – Minimalismi
- 2 – A dub from south
- 3 – Dub rural
- 4 – Antwerp
- 5 – Stillness
- 6 – Index(Para with Dadub)
